**Re: Officer Involved Shooting in Orem on May 8, 2020**

On May 8, 2020 an Orem police officer was involved in a shooting in Orem.

In a press conference following the incident, then Orem Chief Gary Giles released the dash cam video capturing the event to the public.

The Utah County Officer Involved Protocol team investigated the shooting. After this office's review of the investigation, including watching the video, it is clear that the officer complied with the laws that govern the use of force.

The Utah County Attorney's office will not seek criminal charges against the officer in this matter.
